Elliottsburg, PA 17124

Dear Jack,

The Duncannon Borough Council wishes to thank you for obtaining an original cast iron post for use in the installation of the second cast iron town marker in Duncannon. Our town has been without these signs for at least a decade. It is only because of your efforts that Duncannon has had these original town markers which are an important part of our history and heritage returned to us.

Duncannon will be celebrating its Sesquicentennial in a couple of years and these markers will provide a familiar welcome to people coming for this event. Travel greatly increases one's knowledge and these historical signs which dot the Pennsylvania roadsides are tremendous and useful educators.

Sincerely yours,

Fred Lauster, Jr.
Duncannon Borough Council
President, Pro-tem
