

PENNHURST MEMORIAL & PRESERVATION ALLIANCE

REMEMBER THE PAST. CHALLENGE THE PRESENT. DEFINE THE FUTURE.

IN PETITION

We, the undersigned, as concerned responsible citizens, call on the developers of the former Pennhurst site, as well as state and local lawmakers, to preserve Pennhurst's historic campus buildings as a lasting memorial to the suffering and kindness, the triumphs and tragedies great and small, and the resiliency of the human spirit all played out at Pennhurst over its century of operation.

We remember the lessons of the past and honor our duty to pass them on to the future. We ask that the developer and lawmakers do the same by supporting the preservation effort.

Understanding the environmental, economic, and cultural benefits of preservation, we demand that any changes to the Pennhurst site incorporate the preservation and adaptive reuse of existing campus structures.

In solemn and concerted effort, the Undersigned:
